Jupiter/Neptune/Chiron 2009: The New Healing Wave

In 2009 this once-in-a-lifetime planetary alignment will thrust humanity spiritually forward by leaps and bounds. This alignment may be more important than anything in 2012. Are you ready for it?

If you are you a holistic/healing practitioner, psychic, medium, tarot reader, or therapist, you need to be aware of the coming shift in mass consciousness.

In this two-hour seminar, Ed explores and explains the rare three-planet conjunction in Aquarius that promises to accelerate spiritual and healing arts into hyperdrive.

Complete with charts and analysis, this special seminar will help practitioners prepare for a new wave of public interest in the healing arts and alternative spiritual practices.

Now is the time to start planning ahead for your clientele. The upcoming shift in energies will touch everyone, and we need to be ahead of the curve.

Admission: $20.00.
